Is there anything that can match the pure pleasure of sitting at a café watching life go by? Assuming you have a cup of coffee in hand, that is! Coffee, that lovely elixir of life, has provided stimulation, solace, and socialization around the world for centuries. Part coffee-lover□s diary, part travelogue, always engaging, informative and insightful, One Cup at a Time is the tale of a woman□s quest for love and happiness...and coffee. When work brought Debra-Lynn Bellefeuille to London, England, travel delivered new cultural adventures and life supplied plenty of ups and downs. Coffee became her therapy and a way of discovering herself: a sort of kick-starting, uplifting antidote to regrets. She has scouted out the best coffee shops, met fellow coffee aficionados, researched myth, fact, and fiction, participated in ancient coffee rituals, tasted the most expensive coffee in the world, and travelled to Marrakesh and beyond in search of the best coffee experiences, always sharing her love of coffee with others. She found her greatest pleasure in sitting at a coffee shop, savouring the taste and observing others□watching life go by, one cup at a time.

PHP and MySQL in easy steps will teach the user to write PHP server-side scripts and how to make MySQL database queries. It has an easy-to-follow style that will appeal to: anyone who wants to begin producing data-driven web pages.web developers wanting to add database interaction to their web sites.the programmer who quickly wants to add PHP and MySQL to their skills set.the hobbyist who wants to begin creating scripts for upload to their own ISP.the student, and to those seeking a career in computing, who need a fundamental understanding of server-side programming with PHP and MySQL. PHP & MySQL in easy steps demonstrates by example how to produce data-driven web pages using the powerful PHP scripting language and the popular free MySQL database server. The book examples provide clear syntax-highlighted code showing how to selectively insert and extract data from databases for presentation on your web browser. PHP & MySQL in easy steps begins by explaining how to install a free web server, the PHP interpreter, and MySQL database server, to create an environment in which you can produce your very own data-driven server-side web pages. You will learn how to write PHP server-side scripts and how to make MySQL database queries. Examples illustrate how to store and retrieve Session Data, how to provide a Message Board, and how to create an E-Commerce Shopping Cart. This book assumes you have no previous experience of any programming or scripting language so is ideal for the newcomer to PHP and MySQL technologies.

Theres a one-of-a-kind ring in a safe-deposit box that a man named Alder wants his hands on, so he and his mute younger brother take hostage the owner of the ring, Jack, and his so-called girlfriend, Eva. The older Alder threatens to harm Eva unless Jack brings him the ring. After several nerve-racking hours, they all come to understand the ring is missing from the safe-deposit box. The Alder brothers disappear with Eva, leaving Jack alone. Within a very fast time, the situation gets complicated and even confusing, yet someone needs to simplify it. When law enforcement is brought in, veteran detective Mark Dockett is assigned the case along with his protg, investigator Keelie Moraco. It doesnt take long before suspicious things happen, including a fair share of double-dealing that cause Moraco to suspect a startling truthcorruption in law enforcement. When she thinks shes gathered enough evidence to solve the ring heist and expose the corruption, something out of the blue happens that changes her mind and her allegiance forever. It seems everyone has at least one closely held secret they wont let go.

At Dwell, we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed, and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

At Dwell, we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed, and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

Seattle investigator J. P. Beaumont is drawn into an intriguing, and shockingly personal, case in this superb tale of suspense from New York Times bestselling author J. A. Jance. Former Seattle homicide cop, J. P. Beaumont, is learning to enjoy the new realities of retirementdoing morning crossword puzzles by a roaring fireplace; playing frisbee with his new dog; having quiet lunches with his still working wife.But then his pastcomes calling. When a long ago acquaintance, Alan Dale, shows up on Beaus doorstep with a newborn infant in hand and asking for help locating his missing daughter, Beau finds himself faced with an investigation that will turn his own life upside down by dragging hisnone-too-stellar past onto a roller-coaster ride that may well derail his serene present.It turns out that, even in retirement. murder is still the name of J. P. Beaumonts game.

At Dwell, we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed, and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

The worldwide bestseller - 1/4 million copies sold 'Written by a World Barista Champion and co-founder of the great Square Mile roasters in London, this had a lot to live up to and it certainly does. Highly recommended for anyone into their coffee and interested in finding out more about how it's grown, processed and roasted.' (Amazon customer) 'Whether you are an industry professional, a home enthusiast or anything in between, I truly believe this is a MUST read.' (Amazon customer) 'Informative, well-written and well presented. Coffee table and reference book - a winner' (Amazon customer) 'Very impressive. It's amazing how much territory is covered without overwhelming the reader. The abundant photos and images are absolutely coffee-table-worthy, but this book is so much more. I think it would be enjoyable for an obsessed coffee geek or someone who just enjoys their java.' (Amazon customer) For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country - from Bolivia to Zambia - he then identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.
