Honda XL250 is a four stroke
250cc motorcycle from Honda
introduced in 1972 and
manufactured through most of
the 1980's. It is an "
enduro " or "dual purpose"
bike meaning it physically
looks like a dirt bike, and
shares many characteristics
with a dirt bike, but it is
street legal .

First used by Honda in 1972 to power a 250cc dual sport machine, the XL engine has appeared in a variety of models. With eleven displacement categories ranging from the miniscule 70 to the mighty 600, the XL models spanned an 18 year period, ending with the Transalp XL600V last produced in 1990. Soon after introduction of the XL250, motorcyclists began modifying their bikes for competition use.
