A moving story of a woman with early onset Alzheimer's disease, now a major Academy Award-winning film starring Julianne Moore and Kristen Stewart. Alice Howland is proud of the life she worked so hard to build. At fifty, she's a cognitive psychology professor at Harvard and a renowned expert in linguistics, with a successful husband and three grown children. When she begins to grow forgetful and disoriented, she dismisses it for as long as she can until a tragic diagnosis changes her life - and her relationship with her family and the world around her - for ever. Unable to care for herself, Alice struggles to find meaning and purpose as her concept of self gradually slips away. But Alice is a remarkable woman, and her family learn more about her and each other in their quest to hold on to the Alice they know. Her memory hanging by a frayed thread, she is living in the moment, living for each day. But she is still Alice.

'Remarkable ... illuminating ... highly relevant today' Daily Mail 'The most accurate account of what it feels like to be inside the mind of an Alzheimer's patient I've ever read. Beautifully written and very illuminating' Rosie Boycot 'Utterly brilliant' Chrissy Iley

young adult fiction. Like Jay Asher's *Thirteen Reasons Why* and Gayle Forman's *If I Stay, Before I Fall* raises thought-provoking questions about love, death, and how one person's life can affect so many others. For popular high school senior Samantha Kingston, February 12—"Cupid Day"—should be one big party, a day of valentines and roses and the privileges that come with being at the top of the social pyramid. And it is...until she dies in a terrible accident that night. However, she still wakes up the next morning. In fact, Sam lives the last day of her life seven times, until she realizes that by making even the slightest changes, she may hold more power than she ever imagined. *Before I Fall* is now a major motion picture with Zoey Deutch, Halston Sage, and Kian Lawley. Named to numerous state reading lists, the novel was also recognized as a Best Book of the Year by Amazon.com, Barnes & Noble, The Daily Beast, NPR, and Publishers Weekly.

The third book in Glines' #1 "New York Times"-bestselling *Field Party* series. Two years ago, Riley Young fled Lawton, Alabama, after accusing the oldest Lawton son, Rhett, of rape. Everyone had called her a liar. Now she's back, raising the little girl that no one believed was Rhett's.

sold around the world. Called "the definitive social comedy of working motherhood" (The Washington Post) and "a hysterical look--in both the laughing and crying senses of the world--at the life of Supermom" (The New York Times), *I Don't Know How She Does It* introduced Kate Reddy, a woman as sharp as she was funny. As Oprah Winfrey put it, Kate's story became "the national anthem for working mothers." Seven years later, Kate Reddy is facing her 50th birthday. Her children have turned into impossible teenagers; her mother and in-laws are in precarious health; and her husband is having a midlife crisis that leaves her desperate to restart her career after years away from the workplace. Once again, Kate is scrambling to keep all the balls in the air in a juggling act that an early review from the U.K. Express hailed as "sparkling, funny, and poignant...a triumphant return for Pearson." Will Kate reclaim her rightful place at the very hedge fund she founded, or will she strangle in her new "shaping" underwear? Will she rekindle an old flame, or will her house burn to the ground when a rowdy mob shows up for her daughter's surprise (to her parents) Christmas party? Surely it will all work out in the end. After all, how hard can it be?"--

friendship. Sarah Dove is no ordinary bookworm. To her, books have always been more than just objects: they live, they breathe, and sometimes they even speak. When Sarah grows up to become the librarian in her quaint Southern town of Dove Pond, her gift helps place every book in the hands of the perfect reader. Recently, however, the books have been whispering about something out of the ordinary: the arrival of a displaced city girl named Grace Wheeler. If the books are right, Grace could be the savior that Dove Pond desperately needs. The problem is, Grace wants little to do with the town or its quirky residents—Sarah chief among them. It takes a bit of urging, and the help of an especially wise book, but Grace ultimately embraces the challenge to rescue her charmed new community. In her quest, she discovers the tantalizing promise of new love, the deep strength that comes from having a true friend, and the power of finding just the right book. “A mesmerizing fusion of the mystical and the everyday” (Susan Andersen, New York Times bestselling author), *The Book Charmer* is a heartwarming story about the magic of books that feels more than a little magical itself. Prepare to fall under its spell.

(2014)." —Booklist WHAT WOULD YOU GIVE UP TO REMEMBER? Set in a dangerous near future world, *The Book of M* tells the captivating story of a group of ordinary people caught in an extraordinary catastrophe who risk everything to save the ones they love. It is a sweeping debut that illuminates the power that memories have not only on the heart, but on the world itself. One afternoon at an outdoor market in India, a man's shadow disappears—an occurrence science cannot explain. He is only the first. The phenomenon spreads like a plague, and while those afflicted gain a strange new power, it comes at a horrible price: the loss of all their memories. Ory and his wife Max have escaped the Forgetting so far by hiding in an abandoned hotel deep in the woods. Their new life feels almost normal, until one day Max's shadow disappears too. Knowing that the more she forgets, the more dangerous she will become to Ory, Max runs away. But Ory refuses to give up the time they have left together. Desperate to find Max before her memory disappears completely, he follows her trail across a perilous, unrecognizable world, braving the threat of roaming bandits, the call to a new war being waged on the ruins of the capital, and the rise of a sinister cult that worships the shadowless. As they journey, each searches for answers: for Ory, about love, about survival, about hope; and for Max, about a new force growing in the south that may hold the cure. Like *The*

Winner of the 2019 Newbery Medal Thoughtful, strong-willed sixth-grader Merci Suarez navigates difficult changes with friends, family, and everyone in between in a resonant new novel from Meg Medina. Merci Suarez knew that sixth grade would be different, but she had no idea just how different. For starters, Merci has never been like the other kids at her private school in Florida, because she and her older brother, Roli, are scholarship students. They don't have a big house or a fancy boat, and they have to do extra community service to make up for their free tuition. So when bossy Edna Santos sets her sights on the new boy who happens to be Merci's school-assigned Sunshine Buddy, Merci becomes the target of Edna's jealousy. Things aren't going well at home, either: Merci's grandfather and most trusted ally, Lolo, has been acting strangely lately – forgetting important things, falling from his bike, and getting angry over nothing. No one in her family will tell Merci what's going on, so she's left to her own worries, while also feeling all on her own at school. In a coming-of-age tale full of humor and wisdom, award-winning author Meg Medina gets to the heart of the confusion and constant change that defines middle school – and the steadfast connection that defines family.
