In this true story of adventure, Robin Ackroyd travels on horseback among nomads in northern Mongolia. Drawing on extensive research, the author provides the first comprehensive modern analysis of the whereabouts of Genghis Khan's tomb. It is one of the world's greatest mysteries - a puzzle that has lasted since August 1227. The author investigates how and where Genghis Khan died, and where he was taken for burial. He explains how Genghis Khan was buried in what would become an imperial necropolis, with other important family members interred there. Robin explains some of the reasons why the grave site has remained secret for so long. Death, and talk of death, has long been taboo in Mongolian culture. The author examines historical and modern taboos, some described in medieval texts, and the influence of shamanism. The author travels extensively by horse, in an unsupported expedition. He explores sites associated with Temujin - the young Genghis Khan, or Chinggis Khan - and described in the 'Secret History of the Mongols', an important Mongolian text from the 1200s. He finds a way of life that has changed little since the world conqueror's time 800 years earlier. Robin travels to sites said to be the last resting place of Genghis Khan, and evaluates the evidence for those claims. Using the 'Secret History', Mongolian chronicles from the 17th Century, and other historical sources, he builds a convincing picture of where Genghis Khan was actually buried. He also looks outside the Mongolian heartlands, in the mind's eye, to Iran and the Persian Ilkhanate, and to Central Asia. The burials of the Mongols who ruled there give us important clues as to how Genghis and his family - including Khubilai Khan, the Yuan dynasty ruler of China - were buried. Robin lives among nomadic herders during his remarkable trek through Genghis Khan's homeland of modern-day Tov and Khentii provinces. He finds important archaeology from Turkic times. He rides through one of the world's last great wildernesses, to the sacred mountain Burkhan Khaldun. Then, as he travels by horse towards Genghis Khan's birthplace near Russia's Siberian border, he is joined on his trek by a loyal dog, Spirit. Genghis: Sacred Tomb, Secret Treasure contains more than 40 black and white photographs, as well as translations and explanations of over 30 Mongolian proverbs and sayings. The book will appeal to the general reader. More detail, historical context, and translations, are provided in extensive explanatory endnotes.*

Gengis Khan e il conquistatore che ha realizzato il piu vasto impero della storia, piu vasto di quelli dell'antica Roma, di Alessandro il Grande e di Napoleone sommati insieme. Imponendo la Pax Mongolica, egli ha cambiato i destini del mondo allora conosciuto. Al culmine del suo potere, Gengis Khan muore il 18 agosto 1227. Per tenere segreto il luogo della sua sepoltura tutti i partecipanti al funerale sono stati inesorabilmente uccisi. Sono ormai passati quasi otto secoli e la posizione della sua tomba sembrava uno di quegli enigmi della storia impossibili da risolvere. Un luogo che si crede contenga non soltanto i resti del defunto, delle concubine e dei cavalli sacrificati al suo funerale, ma anche un tesoro sorprendente. Dopo sette anni di esplorazioni e ricerche, attraverso un metodo interdisciplinare, l'autore ha localizzato il cimitero imperiale ma quando la ricerca e finita una trama Top Secret ha cercato di fermarlo.

Oceanic explorers Dirk Pitt and Al Giordino find intrigue, adventure, and peril while collecting clues to the mysterious treasure of Xanadu, the famed capital of Kublai Khan's empire. When Dirk Pitt is nearly killed rescuing an oil survey team from a freak wave on Russia's Lake Baikal, it appears a simple act of nature. But when the survey team is abducted and Pitt's research vessel nearly sunk, it becomes clear this is no run of bad luck, but the influence of something, or someone, more sinister. In fact, Pitt and the NUMA crew have inadvertently stepped between a Mongolian tycoon and his plans to corner the global oil market, beginning with covert negotiations in China. To ensure the deal goes through, this mysterious businessman will encourage ever-escalating acts of sabotage and violence. Pitt and Giordino soon learn the magnate's fury and his power both stem from the same source: a dark secret about Genghis Khan, the greatest conqueror the world has ever known. To Pitt and Giordino the famed Khan's empire is nearly the stuff of legend and his tomb a forgotten mystery. But the Khan's legacy is very real. And it's the treasure of his grandson Kublai Khan that holds the key to stopping this modern-day oil baron from restoring the conquests of his ancestors. That is, if Pitt and Giordino get there first....

Covers the archaeological content of approximately 120 popular films, most of which have been produced in the United States since 1912. A unique feature is the inclusion of archaeologically significant dialogue from films that reveal how the industry portrays archaeology. Key words at the top of each page in the filmography allow readers to locate a particular film by title. Extensive commentaries appear for the newer pictures while briefer remarks are found for older films.

A re-evaluation of Genghis Khan's rise to power examines the reforms the conqueror instituted throughout his empire and his uniting of East and West, which set the foundation for the nation-states and economic systems of the modern era.

INVITATION TO PUBLIC SPEAKING was designed to provide you with solid public speaking skills that will serve you well. This text shows you the power and importance of public speaking in your life as well as in the community. This special National Geographic Learning edition includes dynamic and exciting stories and tips from young people who are committed to sharing their passion for conservation and learning, accompanied by spectacular National Geographic photographs. Speech-building help and examples of student speeches in every chapter help you understand the basic concepts so that you learn how to give successful speeches. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A gripping, action-packed new adventure series. Arky Steele is a not your average 12-year-old: his mother is an adventurer and his father is an archaeologist. With them, he travels the world hunting for ancient treasures and trying to stay one step ahead of their nemesis, evil billionaire Goran Rucec. In Guardian of the Tomb, Arky accompanies his dad on a mission to Mongolia to find the lost treasure of one of the world's most infamous despots, Genghis Khan. But they are not alone: a band of criminals is determined to thwart Arky at every turn. E. Coombe?s fast-paced writing in the Arky Steele Adventures is full of twists and turns, blending danger, suspense and humour. Arky's story continues in THE CURSED CITY, also now available.

The Second Edition of Asian Cultural Traditions expands our understanding of the bewildering diversity that has existed and continues to exist in the cultures of South Asia, East Asia, and Southeast Asia. In a single volume, the authors pull together some of the major cultural strands by which people in Asian societies have organized their collective life and made their lives meaningful. With new sections on Central Asia, Islam, Korea, and Insular Southeast Asia, this first survey of its kind draws on multiple disciplines to contextualize the interplay of culture, historical events, language, and geography to promote better understanding of a realm often misunderstood by Westerners. The skillful synthesis of a vast amount of information, boxed items featuring popular culture or current events, abundant in-text illustrations, and vivid color plates make Asian Cultural Traditions, 2/E an outstanding introduction to Asian cultures. The Second Edition welcomes the editorial collaboration of Jeremy Murray and is sure to have continued broad classroom appeal.

"Addison Cooke is Indiana Jones and James Bond rolled into one for the middle-grades set."--Booklist Addison Cooke's second laugh-out-loud adventure--a journey through Asia in pursuit of the legendary tomb of Genghis Khan! Fresh off of a victorious treasure hunt and rescue mission in South America, Addison Cooke just can't seem to steer clear of rogue bandits, pesky booby traps, and secret treasure troves. But it sure beats sitting around in school all day. Addison's aunt and uncle, on the other hand, are none too happy about their habit of attracting kidnapppers. When they become pawns in a dangerous gang's plan to steal the most prized possession of the notorious Mongolian leader Genghis Khan, Addison and his friends find themselves once again caught in the middle of a multi-million-dollar international heist. Armed with nothing but their wits and thirst for adventure, they travel across Asia in an attempt to rescue Addison's family and stop the treasure from falling into the wrong hands. Brimming with round-the-clock action and tons of laughter, Addison Cooke and the Tomb of the Khan is perfect for fans of Indiana Jones, ancient history, and James Patterson's Treasure Hunters series. Praise for Addison Cooke and the Tomb of the Khan: "Humorous and thrilling...a clever and well-done fast-paced adventure for intrepid readers." --Huffpost Praise for Addison Cooke and the Treasure of the Incas: "Combines the derring-do of Indiana Jones with a genuine archaeological mystery. Stokes brings a cinematic scope to the story. This lively debut promises more seat-of-the-pants thrillsfor readers who love adventure."--Booklist "Cinematic pacing and action drive the story, but it's Addison and his friends who will keep readers engaged. Humor is never in short supply. . . . and Addison's endless optimism and irrepressible confidence in his own abilities are endearing."--School Library Journal "Addison is often one step ahead of the adults, but his lead is constantly threatened, building steady tension throughout the novel, screenwriter Stokes's debut."--Publishers Weekly "What to give the kid who's read all the Harry Potter and Percy Jackson books? Try Addison Cooke...this fast-paced adventure will enthrall middle-grade readers and leave them wanting more."--Parents
