Thinking tools comprise the analytical concepts which organise, disorganise, pattern and question thoughts about the social and natural world. Specifically, the concepts introduced in this book are 'global citizenship', 'human rights', 'responsibility', 'social movements' and 'transcultural webs of meaning'.

Global Citizenship and Social Movements on Apple Books
A global citizens movement would differ from the existing fragmented civil society organizations and social movements in that such campaigns and movements tend to be issue-specific rather than united in a shared struggle for a socially just and ecologically sustainable global society and the establishment of an institutional structure to support it.

neglecting the significance of collective actions of citizens in the Global South. This book seeks to partially redress this imbalance with case study material from movements for change in Brazil, India, Bangladesh, Mexico, South Africa, Kenya and Nigeria.

Citizenship and Social Movements : Perspectives from the ...
Citizenship and Social Movements seeks to partially redress this imbalance with case studies from Brazil, India, Bangladesh, Mexico, South Africa and Nigeria. This volume points to the complex relationships that influence mobilization and social movements in the South, suggesting that previous theories have underplayed the influence of state power and elite dominance in the government and in
