Everything you need to know to restore or customize your classic Japanese motorcycle. Whether you want to correctly restore a classic Japanese motorcycle or create a modified, custom build, you need the right information about how to perform the mechanical and cosmetic tasks required to get an old, frequently neglected, and often long-unridden machine back in working order. How to Rebuild and Restore Classic Japanese Motorcycles is your thorough, hands-on manual, covering all the mechanical subsystems that make up a motorcycle. From finding a bike to planning your project to dealing with each mechanical system, How to Rebuild and Restore Classic Japanese Motorcycles includes everything you need to know to get your classic back on the road. Japanese motorcycles have been the best-selling bikes in the world since the mid-1960s, driven by the "big four": Honda, Yamaha, Suzuki, and Kawasaki. Of course certain bikes have always had a following - Honda CB750, 305 Hawk, CB400-4, Benly; Suzuki GT750, Katana, GS1000S; Yamaha XS650, RD400 Daytona, TZ; Kawaski H1, H2, Z1R - and these have now become the blue-chip Japanese bikes leading collectors to seek out more common (and now more affordable) alternatives. This is the perfect book for anyone interested in classic Japanese motorcycles, as well as prepping a bike to build a cafe racer, street tracker, or other custom build.

Discover concise keyword outlines of Biblical history in the strokes and symbols of ancient Chinese characters. Even though people in China and Japan

may be tempted to think that Christianity is a "Western" religion, there is evidence that it is not as is seen within the Chinese characters they use everyday. If I were to ask a Chinese or Japanese junior high school student how many people were on Noah's Ark and told them that the answer can be found in the word for "ship," they would know the answer. But if I asked a Westerner the same question, would they know that the answer is eight? In this book we will take a look at the gospel message embedded in the symbols of the Chinese characters that the Japanese use in the verse in Matthew 11:28, "Come to Me, all who are weary and heavy burdened, and I will give you rest."
