coding! Every year, thousands of people think that they are ready for the CPC Certified Professional Coder exam, but realize too late when they get their score back that they were not ready at all. They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the CPC Exam...and they get a variety of results. Trivium Test Preps CPC Study Guide provides the information, secrets, and confidence needed to get you the score you need - the first time around. Losing points on the CPC exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our CPC study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam. 150 CPC practice questions just like the ones on the real test are included (with full rationales and explanations!) so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven - not filled with excess junk, silly attempts at humor, or confusing filler - so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in
