The use of the diagnosis of posttraumatic stress disorder in litigation has been called "a forensic minefield" (Sparr and Boehnlein, 1990). Since its inclusion in the DSM-III, PTSD has been increasingly utilized over the past decades in both civil and criminal litigation (Slovenko, 1994; Sparr and Boehnlein 1990)--so much so that the provision of PTSD testimony into the legal system has been ...

The Role of PTSD in Litigation | Psychiatric Times

Often dubbed the "black hole" of litigation, where allegations are relatively easy to assert but difficult to defend because the symptoms are subjective, PTSD has deeply influenced civil and criminal law in cases ranging from malpractice and personal injury to sexual harassment and child abuse.

Often dubbed the "black hole" of litigation -- where allegations are easy to assert but difficult to defend because the symptoms are subjective -- PTSD has deeply influenced civil and criminal law in cases ranging from malpractice and personal injury to sexual harassment and child abuse, and has even been used as an insanity defense in criminal cases.

Posttraumatic Stress Disorder in Litigation, Second ...
Post-traumatic stress disorder (PTSD) is an anxiety disorder caused by very stressful, frightening or distressing events. Symptoms of post-traumatic stress disorder (PTSD)
Someone with PTSD often relives the traumatic event through nightmares and flashbacks, and may experience feelings of isolation, irritability and guilt.

Post-traumatic stress disorder (PTSD) - NHS
Although a psychiatric diagnosis is not required to bring action, post-traumatic stress disorder (PTSD) has become the favored diagnosis in cases of emotional distress. Also, in criminal law, defenses based on PTSD have become increasingly common, being used as the standard defense in selected situations. The limits of the use of PTSD as a defense remain to be clarified; differing judgments have been made in similar cases by different courts.
