River Town: Two Years on the Yangtze: Hessler, Peter ...

For two years, he taught English at a small college in Fuling, a city on the Yangtze River. While living in Fuling, he studied Mandarin Chinese and became proficient in the language. After completing his Peace Corps service in 1998, he traveled to Tibet, where he researched a long article, "Tibet Through Chinese Eyes," which appeared in the Atlantic Monthly in February of 1999.

River Town ()

That's a little how I felt about Peter Hessler's "River Town: Two Years on the Yangtze." I'd taught in China for a year a decade before Hessler taught there for two years. I liked River Town despite this.

River Town: Two Years on the Yangtze: Amazon.sg: Books

This is the story of Peter Hessler, an American student, who takes up an English teaching post in a remote town called Fuling where the River Wu meets the Yangtze. Fuling becomes his home for the next two years and here we are treated to a feast of Chinese life in a town where they are very unused to "waiguorn" (foreigners).

River Town By Peter Hessler | Used | 9780719564802 | World ...

In 1996, 26 year old Peter Hessler arrived in Fuling, a town on China's Yangtze River, to begin a two year Peace Corps stint as a teacher at the local college. Along with fellow teacher Adam Meier, the two are the first foreigners to be in this part of the Sichuan province for 50 years. Expecting a calm couple of years, Hessler at first does not realize the social, cultural

Records the author's experiences as a Peace Corps English teacher in the small Chinese city of Fuling, during which time he witnessed such events as the death of Deng Xiaoping and the return of Hong Kong to the mainland.

When Peter Hessler went to China in the late 1990s, he expected to spend a couple of peaceful years teaching English in the town of Fuling on the Yangtze River. But what he experienced - the natural beauty, cultural tension, and complex process of understanding that takes place when one is thrust into a radically different society - surpassed anything he could have imagined. Hessler observes firsthand how major events such as the death of Deng Xiaoping, the return of Hong Kong to the mainland, and the controversial construction of the Three Gorges Dam have affected even the people of a remote town like Fuling. Poignant, thoughtful and utterly compelling, River Town is an unforgettable portrait of a place caught mid-river in time, much like China itself - a country seeking to understand both what it was and what it will one day become.

In the heart of China's Sichuan province, tucked away amid the terraced hills of the Yangtze River valley, lies the remote town of Fuling. Like many other small cities in this vast and ever-evolving country, Fuling is shifting gears and heading down a new path, one of change and vitality, tension and reform, disruption and growth. Its position at the crossroads came into sharp focus when [the author] arrived as a Peace Corps volunteer, marking the first time in more than half a century that the city had an American resident. [The author] taught English and American literature at the local college, but it was his students who taught him about the ways of Fuling - and about the complex process of understanding that takes place when one is immersed in a radically different society. [This book] is [a] portrait of a city that, much like China itself, is seeking to understand both what it was and what it someday will be.-Back cover.

Full of unforgettable figures and an unrelenting spirit of adventure, *Strange Stones* is a far-ranging, thought-provoking collection of Peter Hessler's best reportage—a dazzling display of the powerful storytelling, shrewd cultural insight, and warm sense of humor that are the trademarks of his work. Over the last decade, as a staff writer for *The New Yorker* and the author of three books, Peter Hessler has lived in Asia and the United States, writing as both native and knowledgeable outsider in these two very different regions. This unusual perspective distinguishes *Strange Stones*, which showcases Hessler's unmatched range as a storyteller. "Wild Flavor" invites readers along on a taste test between two rat restaurants in South China. One story profiles Yao Ming, basketball star and China's most beloved export, another David Spindler, an obsessive and passionate historian of the Great Wall. In "Dr. Don," Hessler writes movingly about a small-town pharmacist and his relationship with the people he serves. While Hessler's subjects and locations vary, subtle but deeply important thematic links bind these pieces—the strength of local traditions, the surprising overlap between apparently opposing cultures, and the powerful lessons drawn from individuals who straddle different worlds.

A century ago, outsiders saw China as a place where nothing ever changes. Today the country has become one of the most dynamic regions on earth. In *Oracle Bones*, Peter Hessler explores the human side of China's transformation, viewing modern-day China and its growing links to the Western world through the lives of a handful of ordinary people. In a narrative that gracefully moves between the ancient and the present, the East and the West, Hessler captures the soul of a country that is undergoing a momentous change before our eyes.

When her beloved grandmother is found dead, the victim of foul play, school psychologist Skye Denison sets out to uncover the truth about the murder and unwittingly stirs up a hotbed of family tensions, old secrets, violence, and death. Original.

Advance praise for *Murder of a Small Town Honey*: "A delightful mystery that bounces along with gently wry humor and jaunty twists and turns." --Earlene Fowler
When Skye Denison left Scumble River years ago, she swore she'd never return. But after a bout with her boyfriend and credit card rejection, she's back to home sweet--homicide....

An eye-opening and previously untold story, *Factory Girls* is the first look into the everyday lives of the migrant factory population in China. China has 130 million migrant workers—the largest migration in human history. In *Factory Girls*, Leslie T. Chang, a former correspondent for the *Wall Street Journal* in Beijing, tells the story of these workers primarily through the lives of two young women, whom she follows over the course of three years as they attempt to rise from the assembly lines of Dongguan, an industrial city in China's Pearl River Delta. As she tracks their lives, Chang paints a never-before-seen picture of migrant life—a world where nearly everyone is under thirty; where you can lose your boyfriend and your friends with the loss of a mobile phone; where a few computer or English lessons can catapult you into a completely different social class. Chang takes us inside a sneaker factory so large that it has its own hospital, movie theater, and fire department; to posh karaoke bars that are fronts for prostitution; to makeshift English classes where students shave their heads in monklike devotion and sit day after day in front of machines watching English words flash by; and back to a farming village for the Chinese New Year, revealing the poverty and idleness of rural life that drive young girls to leave home in the first place. Throughout this riveting portrait, Chang also interweaves the story of her own family's migrations, within China and to the West, providing historical and personal frames of reference for her investigation. A book of global significance that provides new insight into China, *Factory Girls* demonstrates how the mass movement from rural villages to cities is remaking individual lives and transforming Chinese society, much as immigration to America's shores remade our own country a century ago.

From the acclaimed Nobel Prize winner: Two girls who grow up to become women. Two friends who become something worse than enemies. This brilliantly imagined novel brings us the story of Nel Wright and Sula Peace, who meet as children in the small town of Medallion, Ohio. Nel and Sula's devotion is fierce enough to withstand bullies and the burden of a dreadful secret. It endures even after Nel has grown up to be a pillar of the black community and Sula has become a pariah. But their friendship ends in an unforgivable betrayal—or does it end? Terrifying, comic, ribald and tragic, *Sula* is a work that overflows with life.
