"Tragicomic verses by award-winning comedian and renaissance millennial woman. Catherine Cohen, the one-woman standup chanteuse who has electrified the downtown comedy scene in her white go-go boots, has been posting poignant, unfiltered poems on social media since before Instagram was a thing. A self-proclaimed self-obsessed millennial on the prowl with her beaded bag, she ponders good and bad dates, English-major dreams, the Lululemon employee who murdered her co-worker, and other weighty matters in these captivating short lyrics that speak to and about her generation. That should've been enough for me to walk away. I've been warned on several occasions about southern men—with their sexy accents, charming manners, and the ability to easily get any woman in bed—which is something I'll be avoiding. Being a

professional photographer has many perks—traveling around the world, calling all the shots, and working with subject matter that isn't bad to look at—but Colton Langston with his washboard abs and baby blue eyes, could care less about my current project. He's trouble, I know it, and he's determined to make me work for every single photo. When I'm forced into riding lessons, I get way more than I ever bargained for, and by the time my trip is over, I'm in too deep. Being with him was thrilling, but falling for him was unpredictable. And ignoring him will be impossible.

dangerously with corporate greed when an alien visitor opens up a gateway through time into a breathtaking prehistoric lost world On sabbatical from teaching at a small university, paleontologist Asa Steele is content to relax amidst the pastoral splendor of his Wisconsin farm. That is, until his dog starts bringing home unrecognizable artifacts and, strangest of all, fresh dinosaur bones. Since boyhood, Asa has heard the rumors of a UFO crash site nearby, and his encounter with a cat-faced alien life form proves the old story to be shockingly true. A gregarious immortal stranded on Earth for fifty thousand years, Catface has the power to create portals in time, and now he has opened a gateway into a prehistoric world of wonder and beauty, a place Asa calls "Mastodonia." But keeping

this idyllic realm a secret from a prying government and the greedy corporate entities it serves could prove impossible—and perilous—when there are resources to drain, land to despoil, and gargantuan vanished beasts from a distant age to hunt down and destroy in the name of profit. Clifford D. Simak's glorious vision of a gateway to the past and of the tantalizing commercial potential of all things prehistoric predates Michael Crichton's Jurassic Park by many years, yet it remains as provocative, enthralling, and fun for twenty-first-century science fiction lovers as it was for its original readers. Breathtaking, thrilling, imaginative, and awe-inspiring, Mastodonia is a world that, once entered, can never be forgotten, such is the unique creative genius of legendary science fiction Grand

Thea Mottram is having a bad month. She’s been let go from her office job with no notice—and to make matters even worse, her husband of nearly twenty years has decided to leave her for one of her friends. Bewildered and completely lost, Thea doesn’t know what to do. But when she learns that a distant great uncle in Scotland has

passed away, leaving her his home and a hefty antique book collection, she decides to leave Sussex for a few weeks. Escaping to a small coastal town where no one knows her seems to be exactly what she needs. Almost instantly, Thea becomes enamored with the quaint cottage, comforted by its cozy rooms and lovely but neglected garden. The locals in nearby Baldochrie are just as warm, quirky, and inviting. The only person she can't seem to win over is bookshop owner Edward Maltravers, to whom she hopes to sell her uncle's book collection. His gruff attitude—fueled by an infamous, long-standing feud with his brother, a local lord—tests Thea's patience. But bickering with Edward proves oddly refreshing and exciting, leading Thea to develop feelings she hasn't experienced in a long time. As

she follows a thrilling yet terrifying impulse to stay in Scotland indefinitely, Thea realizes that her new life may quickly become just as complicated as the one she was running from.

In his best-selling book, *Save the Cat!* (r) Goes to the Movies, Blake Snyder provided 50 beat sheets to 50 films, mostly studio-made. Now his student, Salva Rubio, applies Blake's principles to 50 celebrated non-studio films (again with 5 beat sheets for each of Blake's 10 genres). From international sensations like *The Blair Witch Project* to promising debuts like *Pi*, from small films that acquired cult status like *Texas Chain Saw Massacre* to Euro-blockbusters like *The Full Monty*, from unexpected gems like *Before Sunrise* to textbook classics such as *The 400 Blows*, from *Dogville*

You'll see how hitting the beats creates a story that resonates for audiences the world over. Why is this important? Because it gives both writers and moviegoers a language to analyze film and understand how filmmakers can effectively reach audiences.
