Popular speaker, multimillionaire, and author of the all-time bestselling real-estate book Nothing Down, Robert G. Allen knows how to bring you financial success. With his seminars sweeping the nation, Allen is at the cutting edge of strategic wealth creation now more than ever. And in this completely revised edition of his classic bestseller Creating Wealth Allen gives you the basic principles that you need to stop thinking poor and start growing rich. Moving beyond just real estate, Allen goes straight to the core of people's inner motivations and beliefs about money to give you all the fundamentals of wealth creation. By developing a wealthy mind-set, anyone can take off into financial self-reliance -- and Allen shows you how. He explains the ways in which most of us have been programmed to think that only saving is good and debt and risk are bad, so that in our efforts to gain security, we cheat ourselves out of getting rich. The key to changing that mind-set is Allen's unique integration of real estate with other wealth-generating investments. In his trademark, easy-to-understand style Allen spells out all his practical applications and shows you how to: Take advantage of recent tax laws Use leverage to multiply holdings while minimizing risks Benefit from high-yield discount mortgages Acquire long-term profits in gold and silver coins Set up corporations and trusts to protect assets Find the highest rate of return with the greatest liquidity As Robert Allen has proved in his own life -- becoming a multimillionaire well before he was thirty-five -- it doesn't matter how much or how little money you have when you start as long as you understand the right principles -- timeless principles that can make you a fortune.

"In this third edition of his bestselling book, Robert T. Kiyosaki updates and expands his original eight "hidden values" of a network marketing business (other than making money!). Special Bonus--additional "hidden values" from Robert, Kim Kiyosaki and Tom Wheelwright. ... Robert explains that building a network marketing business: is a revolutionary way to achieve wealth; makes it possible for anyone to acquire great wealth; and is open to anyone who has drive, determination, and perseverance." --

Shows the limited-dollar investor the way to a future of wealth, security, and independence.
