ULTIMATE SURVIVAL SKILLS

Survival skills are techniques that a person may use in order to sustain life in any type of natural environment or built environment. These techniques are meant to provide basic necessities for human life which include water, food, and shelter. The skills also support proper knowledge and interactions with animals and plants to promote the sustaining of life

Survival skills - Wikipedia

The Survival Manual is a compilation of services for anybody facing change, addiction, a crisis situation, homelessness, hunger or anything urban living throws our way. Previous versions of the Survival Manual focused on "at risk youth", it has now expanded to include anyone requiring support in their particular endeavors.
