The aim of this book with its detailed step-by-step colour photographs and diagrams, is to enable every owner to fix their outboard motor with ease. Troubleshooting tables help diagnose potential problems, and there is advice on regular maintenance and winterising and repair. Jean-Luc Pallas's enthusiasm for passing on his knowledge, as well as his clear explanations, precise advice and step-by-step instructions make this a unique book.

composition projects. The method is designed so students can play in both octaves without having to read the notes in both octaves. This is an incredibly important aspect of teaching beginners. The Blocki Flute Method's unique approach to teaching Five-Note patterns has proven to consistently help even the youngest students develop exceptional technical abilities. Five-note patterns are used as the foundation for teaching new notes, technique, moving between beat levels, simple transposition and fun and easy ear training. Because of the combination of a systematic approach to note reading, fun composition projects, ear training games, and basic theory, this book is also an excellent supplementary book for Suzuki students. As of August 2010: The Blocki Flute Method has been completely updated with the Third Edition. Listen to Samples Katelyn After One and a Half Years of Lessons - YouTube Video

What's New in the Third Edition? After using the method for over 10 years, we knew which pieces the students loved and which one were just "okay." Anything that was just "okay" has been replaced with kid tested exciting pieces. There are many new duets and since students love trills we've included many more. These trills have transformed boring octave exercises into motivating pieces such as Half Pipe Stunts, Trampoline Tricks, and Bungee Jumping A's. Other new favorites include the Yankee Doodle Theme and Variations, The Sad Singing Swan, and the Daring Detective.
