CBR900RR (1993-1999), FIREBLADE (1993-1999 U.K.)

This enthralling WWII biography combines a downed B-17 bombardier's unfinished memoir with letters from the French girl who saved his life. Susan Tate Ankeny's father was a World War II veteran bombardier who had bailed from a burning B-17 over Nazi-occupied France in 1944. After he died, she found his unfinished memoir, stacks of envelopes, black-and-white photographs, mission reports, dog tags, and the fake identity cards he used in his escape. Ankeny spent more than a decade tracking down letter writers, their loved ones, and anyone who had played a role in her father's story, culminating in a trip to France where she retraced his path with the same people who had guided him more than sixty years ago. While piecing together her father's wartime experience, Ankeny discovered a remarkable hero. Godelieve Van Laere was just a teenaged girl when she saved the fallen Lieutenant Dean Tate, risking her life and forging a friendship that would last into a new century. The result is a fascinating and dramatic World War II tale enhanced by personal interviews with participants. It traces the transformation of a small-town American boy into a bombardier, the thrill and chaos of aerial warfare, and the horror of bailing from a flaming aircraft over enemy territory. It distinguishes the actions of a little-known French resistance network for Allied airmen known as Shelburne. And it shines a light on the courage and cunning of a young woman who risked her life to save another.
