Where To Download The Antibiotic Era Reform Resistance And The Pursuit Of A Rational Therapeutics

Antibiotic resistance is undoubtedly driven mostly by human activities, especially the widespread use of antibiotics in the last seven decades. This has created a selective pressure, which enables resistant strains or resistant mutants to thrive and spread relatively easily. Consistent with this trend, antibiotic resistance of bacteria

~~Beginning and possibly the end of the antibiotic era~~
Abstract: Today, as we increasingly turn our attention to antibiotic resistance and the possibility of a post-antibiotic era, it is important to consider the historical evolution of attempts to implement the “rational” use of antibiotics. In this talk, Scott Podolsky examines seven
