Review of the hardback: 'The Economics and Sociology of Management Consulting is a landmark publication. Professor Armbrüster's book is a superb analysis of the consulting sector, convincingly demonstrating why it has grown so large, the dynamics of competition between firms, and the nature of relationships between clients and consultants.

*The Economics and Sociology of Management Consulting ...*

The major differences between sociology and economics are: Economics deals and covers only the economic relations concerning people and forms only one aspect of man's social life. It is concerned with studying man in accordance with wealth, how man acquires and disposes of it. It studies the relations and factors which are purely economic.

pages) on a regular basis, which have never been published before or are submitted/under consideration in another means of publication (e.g. another scientific journal, a scientific conference or a working paper, a report, etc.).

## *Instructions for Authors - Economics and Sociology*

Fundamentally, it's an exploration of the relationship between money and thought. The density of the book's language is challenging, but then so is the terrain it attempts to map out. Ultimately, the claim made by Dodd on behalf of sociology, and against economics, to a greater share in money's soul is justified.

According to Thomas, Economics is, in fact, but one branch of the comprehensive science of sociology. In the word of Silverman, it may be regarded for ordinary purposes as an offshoot of the parent science. Sociology, which studies the general principles of all social relations. But this does not mean that economics is a branch of sociology.

*How Sociology is related with Economics?*
