The Hundred Days is the nineteenth historical novel in the Aubrey-Maturin series by British author Patrick O'Brian, first published in 1998. The story is set during the Napoleonic Wars, specifically in their last portion in 1815, the Hundred Days.. Napoleon escaped his exile at Elba and gained a huge army as he marched up from the south coast of France to Paris, unseating Louis XVIII.

"One of the best novelists since Jane Austen....The Hundred Days may be the best installment yet....I give O'Brian's fans joy of it."—Philadelphia Inquirer Napoleon, escaped from Elba, pursues his enemies across Europe like a vengeful phoenix. If he can corner the British and Prussians before their Russian and Austrian allies arrive, his genius will lead the French armies to triumph at Waterloo. In the Balkans, preparing a thrust northwards into Central Europe to block the Russians and Austrians, a horde of Muslim mercenaries is gathering. They are inclined toward Napoleon because of his conversion to Islam during the Egyptian campaign, but they will not move without a shipment of gold ingots from Sheik Ibn Hazm which, according to British intelligence, is on its way via camel caravan to the coast of North Africa. It is this gold that Jack Aubrey and Stephen Maturin must at all costs intercept. The fate of Europe hinges on their desperate mission. "The Hundred Days is certain to delight O'Brian's fans, for whom happiness is an unending stream of Aubrey/Maturin books....[It] is a fine novel that stands proudly on the shelf with the others."—Los Angeles Times

"The old master has us again in the palm of his hand."—Los Angeles Times (a Best Book of 1999) Napoleon has been defeated at Waterloo, and the ensuing peace brings with it both the desertion of nearly half of Captain Aubrey's crew and the sudden dimming of Aubrey's career prospects in a peacetime navy. When the Surprise is nearly sunk on her way to South America—where Aubrey and Stephen Maturin are to help Chile assert her independence from Spain—the delay occasioned by repairs reaps a harvest of strange consequences. The South American expedition is a desperate affair; and in the end Jack's bold initiative to strike at the vastly superior Spanish fleet precipitates a spectacular naval action that will determine both Chile's fate and his own.

"The relationship [between Aubrey and Maturin]...is about the best thing afloat....For Conradian power of description and sheer excitement there is nothing in naval fiction to beat the stern chase as the outgunned Leopard staggers through mountain waves in icy latitudes to escape

the Dutch seventy-four."—Stephen Vaughan, Observer Commissioned to rescue Governor Bligh of Bounty fame, Captain Jack Aubrey and his friend and surgeon Stephen Maturin sail the Leopard to Australia with a hold full of convicts. Among them is a beautiful and dangerous spy—and a treacherous disease that decimates the crew. With a Dutch man-of-war to windward, the undermanned, outgunned Leopard sails for her life into the freezing waters of the Antarctic, where, in mountain seas, the Dutchman closes...

In Malta for much needed repairs on his ship, Captain Jack Aubrey must rely on his ship's surgeon and intelligence agent, Stephen Maturin, to outwit Napoleon's agents

The seventeenth novel in the best-selling Aubrey/Maturin series of naval tales, which the New York Times Book Review has described as "the best historical novels ever written." Having survived a long and desperate adventure in the Great South Sea, Captain Jack Aubrey and Stephen Maturin return to England to very different circumstances. For Jack it is a happy homecoming, at least initially, but for Stephen it is disastrous: his little daughter appears to be autistic, incapable of speech or contact, while his wife, Diana, unable to bear this situation, has disappeared, her house being looked after by the widowed Clarissa Oakes. Much of *The Commodore* takes place on land, in sitting rooms and in drafty castles, but the roar of the great guns is never far from our hearing. Aubrey and Maturin are sent on a bizarre decoy mission to the fever-ridden lagoons of the Gulf of Guinea to suppress the slave trade. But their ultimate destination is Ireland, where the French are mounting an invasion that will test Aubrey's seamanship and Maturin's resourcefulness as a secret intelligence agent. The subtle interweaving of these disparate themes is an achievement of pure storytelling by one of our greatest living novelists.

The sixteenth volume in the Aubrey/Maturin series, and Patrick O'Brian's first bestseller in the United States. At the outset of this adventure filled with disaster and delight, Jack Aubrey and Stephen Maturin pursue an American privateer through the Great South Sea. The strange color of the ocean reminds Stephen of Homer's famous description, and portends an underwater volcanic eruption that will create a new island overnight and leave an indelible impression on the reader's imagination. Their ship, the *Surprise*, is now also a privateer, the better to escape diplomatic complications from Stephen's mission, which is to ignite the revolutionary tinder of South America. Jack will survive a desperate open boat journey and come face to face with his illegitimate black son; Stephen, caught up in the aftermath of his failed coup, will flee for his life into the high, frozen wastes of the Andes; and Patrick O'Brian's brilliantly detailed narrative will reunite them at last in a breathtaking chase through stormy seas and icebergs south of Cape Horn, where the hunters suddenly become the hunted.

Introduces Captain Jack Aubrey and Stephen Maturin, ship's surgeon and intelligence agent, in the age of the Napoleonic wars.

Stephen Maturin brings Captain Jack Aubrey secret orders to lead an expedition against the French islands of Mauritius and La Reunion, but the conduct of two of his own officers threatens the success of the mission

"A marvellously full-flavoured, engrossing book, which towers over its current rivals in the genre like a three-decker over a ship's longboat."—Times Literary Supplement Captain Jack Aubrey, R. N., arrives in the Dutch East Indies to find himself appointed to the command

of the fastest and best-armed frigate in the Navy. He and his friend Stephen Maturin take passage for England in a dispatch vessel. But the War of 1812 breaks out while they are en route. Bloody actions precipitate them both into new and unexpected scenes where Stephen's past activities as a secret agent return on him with a vengeance.

Patrick O'Brian's Aubrey-Maturin tales are widely acknowledged to be the greatest series of historical novels ever written. Now, for the first time, they are available in electronic book format, so a whole new generation of readers can be swept away on the adventure of a lifetime. This is the fifteenth book in the series.
