No work has challenged its readers like Blake's *The Marriage of Heaven and Hell*. His 'Proverbs of Hell' have been culled for the slogans of student protest and become axioms of modern thought. Iconoclastic, bizarre, unprecedented, it is all of these. Most extraordinary is the revolutionary method of its making. The Bodleian Library copy is one of the first that Blake printed using the method he called 'Illuminated Printing' and the only work in which he signifies its

This new edition includes a complete facsimile of the work, together with a transcript, and a plate-by-plate guide to text, the interlinear figures, and the larger designs, supplied in the commentary. Drawings from Blake's Manuscript Notebook used as a basis for the designs together with working proof impressions are reproduced in this volume, showing how the work evolved. In a special section, the same plate from each of the other eight surviving copies is also reproduced to show how over a period of more than 30 years Blake altered the way each copy was finished. The introduction discusses the

William Blake (London, November 28, 1757 - ibidem, August 12, 1827) was a British poet, painter, and printmaker. Although largely unknown throughout his life, Blake's work is now highly regarded. Because of the

relationship that poetry has in his work and their respective engravings, Blake is often used as an example of the "total artist". According to The Guardian newspaper, "William Blake is by far the greatest artist Britain has ever produced." Considering Blake's achievements in poetry or the visual arts separately would be detrimental to understanding the magnitude of his work: Blake viewed these two disciplines as two means of a unified spiritual effort, and they are inseparable in correctly appreciating his work. For this reason, illustrated editions of Blake's work had not been particularly valued

Blake was born at 28 Broad Street, Golden Square, London, to a new middle-class family in 1757. His father was a knitter.
