In the absence of the Soviet representatives, the United Nations Security Council was able to vote for the intervention of United Nations military forces in what would become the Korean War. This was a downfall to the action of the boycott that was unforeseeable to the Soviet Union at the time.

Soviet Union and the United Nations - Wikipedia

Abstract. Roll-call voting in the United Nations General Assembly (UNGA) has long attracted the attention of scholars; first to study the formation of voting blocs in the UNGA and more recently to create indicators for the common interests of states. This chapter discusses the data and the various choices scholars have to make when using these data for both these purposes.
